Start Time (24 hrs clock)	09.00
	15.00

Finish Time (24 hrs clock)

Location of activity	Centre
----------------------	--------

Section 2 Summary of activity & centre staff met

2.1 General comments regarding the day including good practice. For a support visit outline advice, guidance & training provided	<p>Meeting commenced with reference back to the PA1 for this visit and to determine specific timings to observe an assessment and meet staff.</p> <p>Checks were made to ensure that all the construction qualifications accredited to the centre have been identified for external qualification assurance</p> <p>An initial check also on the ROC and GLH</p> <p>All PA1 requirements were immediately available from an easy to extract archive.</p> <p>I extended the sample to ensure all levels of 6219 were reviewed in consideration of DCS.</p> <p>The main focus for this was directed towards the four previous action plans, all now in compliance.</p> <p>The ROC and GLH all met C&G criteria.</p> <p>Good to meet the candidates for a professional discussion that resulted in engagement and enthusiasm from them towards a chosen career path since registering with SILC.</p> <p>I understand that the candidates seen today have a progression interviews with a Regional College in my remit. They must go with great confidence, their skills are already a credit to them.</p> <p>This is a centre that has listened to previous advice and demonstrated it with excellence in teaching, practice, portfolio presentation, and learner confidence building.</p> <p>The portfolio presentation is as good as can be seen, a great credit to the staff and learners.</p> <p>Candidate feedback is exemplary along with the use of photographic evidence.</p> <p>Portfolios of such quality will be a major asset at interview for progression qualifications and interview for a job.</p> <p>Quite a wide range of portfolios were seen today, all totally consistent, easy to navigate and complete with associated IQA feedback.</p>
----------------------------------------------------------------------------------------------------------------------------------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

	<p>A real pleasure in observing the live assessment.</p> <p>Well prepared and delivered by the assessor, UPK questioning explored in a non-leading and relevant manner.</p> <p>IQA feedback comprehensive and supportive.</p> <p>The real impression was created by two fifteen year old candidates that almost do not have the right to demonstrate such excellence.</p> <p>Without doubt the work was to an industry standard more than sufficient to attract the distinction grade given.</p> <p>It must be remembered that the candidates in this centre enrol with a history of disengagement from main line education.</p> <p>This centre in its skilled pastoral support certainly provides a pathway for young learners to re-engage into a meaningful career if they grasp the opportunity.</p> <p>A very satisfying day leaving me with no hesitation in the recommendation of DCS across the 6219 range</p>
